PROFESSIONAL EXPERIENCE

Software Developer

Redvinca Tech Pvt Ltd, Mumbai, Maharashtra

(May 2024 - May 2025)

- Contributed in the development of an e-commerce platform for cakes and bears, using Next.js for responsive frontend and Spring Boot for scalable backend.
- Collaborated to enhance performance, fix bugs, and deliver solutions, boosting user experience and business growth.

Java Developer (Internship)

Squad Infotech Pvt Ltd, Mumbai, Maharashtra

(Mar 2022 - Feb 2023)

- As a Java Developer Intern, I contributed to developing and maintaining Java applications, implementing backend functionality and business logic using core Java concepts such as OOP, collections, exception handling, and JDBC.

PROJECTS

Okaygenie.com

- Contributed to OkayGenie.com, a platform connecting local businesses with customers and streamlining operations.
- Developed features to automate store processes, enhancing efficiency for small retailers.
- Built scalable solutions to support small businesses in adapting to eCommerce trends.

EchoMeet

- Developed EchoMeet, a Spring Boot-based web application with a JavaScript frontend for real-time video conferencing and streaming.

TECHNICAL SKILLS

Programming Languages

- Java (OOP, Multithreading, Stream API)

Frameworks & Libraries

- Spring Boot (RESTful APIs, Spring Security)
- Hibernate (ORM, JPA, Transaction Management)
- Next.js (Server-Side Rendering, React)

Databases

- MySQL (Schema Design, Query Optimization)
- SQL (Joins, Subqueries, Performance Tuning)

Tools & Technologies

- RESTful APIs (Design, JSON)
- Backend Development (Microservices, JWT)
- Version Control (Git, GitHub)
- Build Tools (Maven, npm)
- Docker

EDUCATION

B.Sc. in Information Technology

Thakur College of Science & Commerce, Mumbai, Maharashtra

Graduated: 2022
